

November 25, 2021

Dear Members, Clients and Suppliers,

We at CRAFM Inc appreciate the support of our Members, clients and suppliers, and we pride ourselves with our customer service and high quality products.

During the last few months, due to the labor shortage created by our Federal government, we have been and still very short-staffed.

We kindly ask for your understanding during these trying times and with the holiday season approaching, as our replies and shipping may take an extra day or 2 in getting to your requests, due to our staff shortage.

We are presently looking for :

- Junior Bookkeeper (data entry)
- Customer service representatives
- Social Media individual

All interested parties should send in their CV's to : gestion@crafm.com

Unfortunately, if we do not manage to find the staff required, we may have to adjust our operating hours in the near future.

We kindly ask that you monitor our website for updates and news.

Thanking you for your understanding,

Frank Nardi & The CRAFM Staff
